LONG-AGO TRAGEDY

The Maritime Battle Fought Here Which Cost Two Lives

It has been nearly 29 years since the tragedy occurred on the river nearly opposite this city in which Major A. J. Harrington, Deputy United States Marshal, and Captain James Taylor of the steamer Kate Dixon lost their lives.

The event took place shortly after 5 o'clock in the afternoon of Tuesday, June 6th, 1876.

The Dixon had been libeled in the United States Court at Louisville, and was attempting to escape, when Major Harrington, under orders from General Eli H. Murray, United States Marshal, chartered the steamer Champion at Cincinnati and started in pursuit.

He passed her at Ripley, but came on to this city for reinforcements, and intercepted her about opposite the present C. and O. Station.

When Major Harrington attempted to board the Dixon, Captain Taylor shot him dead.

In a twinkling, some one fired from the roof of the Champion and killed Taylor instantly.

Aside from its tragic phase, the occurrence created considerable caustic comment at the time, as so many persons were not yet ready to recognize any man who was clothed with authority by Uncle Sam.

OLD FOLKS.

THEIR DAYS MAY BE PROLONGED

How the Evening of Life May Be Made Happier for All.

"If people only knew the good that Vinol does old people," said Mr. John C. Pecor, our well known Druggist, "columns of space in our newspapers would be devoted to the subject for the benefit of mankind in general. I can truly say that we have never sold anything in our store equal to Vinol as a strengthener and body-builder for old people."

"You see, with old age comes feebleness and loss of power, the organs act more slowly and less effectually than in youth, the appetite is poor, the digestion weak, and there is not that same renewal of body tissue."

"There is nothing more pitiful to me than to see old people tottering around. I know that Vinol cannot bring back lost years, but it will lengthen life and brighten the years that remain."

"We are hearing from all over the country remarkable results which prove my statement, and we have received letters from sons and daughters of old people telling how father or mother has been made well and happy by the vigor and strength which Vinol brings the old."

"It was only a few days ago a letter was brought to my attention from Mr. John G. Nichols of Lawrence, Mass., in which he said that he was eighty-four years old, and he had not felt so well for fifteen years as he did since taking Vinol; it gave him a good appetite, and he feels strong and well, and is working every day from six o'clock in the morning until five o'clock at night."

"It is just this way," continued Mr. Pecor. "Vinol invigorates the stomach first of all, creates an appetite and enables the stomach to separate from food the elements needed for rich, red blood, healthy body material and sound, steady nerves. In this natural manner it repairs worn tissues, checks the natural decline and replaces weakness with strength."

"For any one suffering from any weakened, run-down condition Vinol will do the same; and it is because we know so well what Vinol will do that we guarantee its action, and we will gladly refund the money paid for it to any one who is not satisfied. I wish every old person in this vicinity would just try Vinol on our guarantee. If it does not satisfy, then it will not cost them a cent." JOHN C. PECOR, Druggist.

TESTS PATIENCE.

The Most Patient Maysville Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition. Nothing taxes a man's patience. Like any itches of the skin. Itching Piles almost drive you crazy. All day it makes you miserable. All night it keeps you awake. Itch! Itch! Itch! with no relief. Just the same with Eczema. Can hardly keep from scratching it. You would do so but you know it makes it worse.

Such miseries are daily decreasing. People are learning they can be cured. Learning the merit of Doan's Ointment. Plenty of proof that Doan's Ointment will cure Piles, Eczema or any Itchiness of the skin. Read the testimony of a Maysville citizen. Mrs. S. F. Tolle, of 117 Short St., Maysville, Ky., says:

"Before I used Doan's Ointment in March, 1900, I had suffered for a long while with itching hemorrhoids. I had tried persistently to rid myself of the trouble but without success, and anybody who has known the tortures of this complaint will understand what I suffered. Doan's Ointment, procured at J. Jas. Wood & Son's drugstore cured me, as stated in a testimonial at that time, and during the five years past I have had no return of the trouble. It required only one box to bring this gratifying result. I have used Doan's Ointment for other purposes, and find that it is a specific for skin troubles and all itching diseases."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

EXPERIMENTS justify the conclusion that increasing the intensity of light 200,000 times does not alter its velocity by as much as two feet a second. This may be of interest to the able lawyers and detectives who are trying to throw a little light on the \$55,000 which got away from the German National Bank in Cincinnati.

THE cheap Detectives were given pages and pages of notoriety by the Cincinnati "yaller" papers when they arrested Mr. and Mrs. J. MORGAN SMITH in that city a week or so ago. SMITH was a brother-in-law of NAN PATTERSON, and according to the Detectives, bought the gun with which NAN killed CESAR YOUNG the "spote." According to the Detectives—and the "yallers"—the man who sold the cannon to SMITH had identified him by his picture; but when the gun seller faced SMITH in the New York Court he said he didn't know that he had ever seen him before! And down went the Detectives, the Yallers—and McGinty.

THE Fool Killer is respectfully requested to strike out for Arkansas. In a jay town over there the other night, during an "initiation" in a Lodge of Knights of Pythias, one of the officers shot and instantly killed the candidate. A pistol has no more place in a K. P. Lodge than it has at a village prayer-meeting, and that "officer" should be promptly expelled from the Order and turned over to some gentlemen with a rope.

JAPAN is meeting the Russian plan of reorganization and reinforcement of its Manchurian Army with an extensive expedition from its own military organization. The details and figures are carefully concealed of what seems to be a plan to double the present army units, but it is reliably estimated that by autumn next the total military organization will exceed 1,000,000 men actually employed in the field. The fighting force is roughly estimated at 700,000 men, with increases largely in the infantry and artillery, although an enlargement in the cavalry branch is also contemplated.

As a result of the manufacture at the arsenals in Japan, together with captures and purchases of guns, it is predicted that this year will see a Japanese artillery superior to that of the Russians, in quality as well as numerically, and it is confidently believed that the Russians will be incapable of overcoming these numerical disadvantages.

FACE LIKE PIECE OF RAW BEEF

Scalp Covered With Sores, Hair and Eye-Brows Fell Out—Agony for Eight Long Years—Doctors Were Unable to Cure.

SPEEDILY CURED BY CUTICURA

"I had suffered terrible agony and pain for eight long years from a terrible eczema on the scalp and face. The best doctors were unable to help me, and I had spent a lot of money for many remedies without receiving any benefit. My scalp was covered with scabs, my face was like a piece of raw beef, my eyebrows and lashes were falling out, and sometimes I felt as if I was burning up from the terrible itching and pain. I then began treating myself at home, and now my head and face are clear and I am entirely well. I first bathed my face with Cuticura Soap, then applied Cuticura Ointment to the afflicted parts, and took Cuticura Resolvent for the blood. I was greatly relieved after the first application, and continued use of Cuticura soon made a complete cure." Miss Mary P. Fay, Westboro, Mass.

AGONIZING ECZEMA And Itching, Burning Eruptions with Loss of Hair, Cured by Cuticura.

A single set is often sufficient to cure.

Sizing Up Some English Cities Alongside Louisville

"Saturday" in Louisville Post.

Well, Chicago has gone to the political, economic and social "mourner's bench," and would it not be well enough for all our "frenzied" and "yellow" reformers, like Bryan and Tom Watson, and young Henry George, and Governor LaFollette, and so on, to see what sort of job Chicago makes of it? If Chicago can practice municipal ownership without turning into graft everything the town can lay hands on, it will be an easy matter for all the other towns of America to do the same thing. Let us give Chicago ten years to do it—just turn our "frenzied" and "yellow" politics over to her and let the rest of the country busy itself with sane and decent politics during that time. Let Bryan and Watson move over there one from Lincoln and the other from New York and Georgia and leave the rest of the country at peace and quiet and sanity to deal with the Trusts, the Tariff, the Monroe Doctrine, the Philippines, the big Navy, a sound banking system, and all that.

It would be the greatest thing ever ordered if Chicago would only take off our hands our "frenzied" politics and "yellow" politicians and keep them out of general mischief for ten years. All the land would rise up and call her blessed.

It will take at least ten years for Chicago to thoroughly test the thing. It is true that Manchester, Liverpool and Glasgow, in the old country, have tried it and report well of it; but the cities of the United Kingdom are not regarded in the same light as the cities of the United States. The town of Manchester, England, is a business concern that is managed on business principles. On the other hand, the town of Louisville, Ky., is a graft concern that is run on graft principles. For instance, Manchester wanted a landscape gardener of the first class for one of her Park Commissioners. It was a city office, salary \$20,000. There was nobody in town Manchester would let have the office, though there were plenty of landscape gardeners, but none up to the standard. What did Manchester do? She advertised for a fellow to fill a \$20,000 office. She got him—a German, a subject of Emperor William. He came over from Berlin. He holds the office today. And he earns his money.

To speak, not profanely, but emphatically, and not to draw it too strong, Louisville would rather go to hell than do a thing like that. That is why municipal ownership is a success in Manchester, and that is why municipal ownership would be ruin in Louisville. Manchester is governed by her better elements; Louisville is run by her worse elements.

Manchester is governed like a Bank. Louisville is governed—well, not like a Bank. On the contrary, quite the reverse. Such a place as Sharkey's was proved to be could not exist in Manchester, and if it did, and was exposed by a decent newspaper, the Editor of that paper would receive the thanks of the municipality instead of being fined by a jury for telling the truth and warning the unwary. A police court lawyer is not a power in Manchester politics. A gambling hell does not cut any figure in Manchester elections. There is no more politics in the city elections of Manchester than there is in a non-conformist Church government.

And speaking of Churches—they say Louisville has got religion. I hope she will keep it till November, for she is going to need all the religion she can muster election day. Hereto-

fore there have been thousands of the best men in Louisville who sincerely believed that it was better for the town to be robbed by a Democrat than to be well governed by a Republican. And there are plenty of Republicans in Louisville who prefer a rascally Democrat in city office to an honest Republican.

It is mighty near time for the beautiful city of Louisville to be ruled by an administration selected by the church-goer, the banker, the manufacturer, the merchant and others like those, instead of by the shyster, the gambler, the saloonkeeper and the pandarer. The battle is going to be between these two forces. The Democratic party and the Republican party will be loudly proclaimed and invoked and they will have as little real hand in the thing as they have in the Government of England or Spain.

And if they don't mind the gambling hell and bawdy house will win—as usual.

River News

The Greenwood was down today from upper points.

The Henry M. Stanley passed up last night for Pomeroy.

The Queen City will be the Pittsburgh boat tomorrow night.

The Island Queen is now doing excursion business at Memphis.

The houseboat is growing to be very popular on the Ohio and Mississippi rivers.

Most of the coal started from Pittsburgh on this rise will go to Louisville, for New Orleans shipment.

Model barges loaded with barbed wire, steel rails and nails are being shipped from Pittsburgh on the present rise.

The City Council of Columbus, O., has engaged one of the boats of the Pittsburgh and Cincinnati Packet Line for its annual junket next month. The trip will be made to Pittsburgh.

The trip of the Rivers and Harbors Committee of Congress, to leave Pittsburgh May 8th on the Queen City, has been fully mapped out. The boat is to run in daylight only and will pass here probably about the 13th. There are seventeen members of the Committee, and they are to be accompanied by their families and invited guests, about forty in all.

There is a prospect of a freight war between all points from Cincinnati to Portsmouth. Last winter Captain Williamson, who was in command of the Big Kanawha, lost his boat in the breakup of the ice. Since that time he has been without a boat. Several of the city councils of towns along the river raised the wharfage, and the boats refused to land in the usual places. It is said that Captain Williamson is looking about for another boat to use in the trade. He has, it is said, the promise of the support of the merchants of the various towns and cities along the river if he finds a boat.

CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Miss Barrows Tells How Mrs. Pinkham's Advice Helps Working Girls

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the girl toils, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment, perform the duties exacted of her—smile and be agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, monthly periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All of these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Abby F. Barrows, Nelsonville, Athens Co., Ohio, tells what this great medicine did for her. She writes: Dear Mrs. Pinkham:—

"I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pains in back, and monthlies were irregular. I had been to several doctors, and they did me no good. 'Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are all right. 'I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer.' It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. Her long record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass.

HURTS TOBACCO INDUSTRY

Duty Imposed By England Affects Kentucky in Many Ways

Besides throwing out of employment about 5,000 persons in Kentucky and Tennessee, the new duty imposed by the British Parliament on stripped tobacco will have the effect of reducing the efficiency of several other branches of the tobacco trade, particularly the manufacture of fertilizer made from the stems and the manufacture of extract made from the same.

Louisville is not directly affected, the chief points in Kentucky being Henderson and Owensboro.

The extent to which the industry has been affected can be approximated when it is considered that between 50,000,000 and 70,000,000 pounds of tobacco were shipped annually to England. This will now be stripped in England, and it is said a company has been organized there to take over the stems and utilize them as they were utilized here.

"D. D. D." the astonishingly effective new Skin disease prescription

Eczema, Salt Rheum, Ears' Itch, Erysipelas—all eruptions, scaly diseases and parasitic affections of the skin positively cleared away in a hurry. A clean, pleasant liquid (non-greasy) externally applied—sponged or sopped over the parts. Instantly stops all irritation. Soon clears out absolutely all affected conditions.

(Here is a case cleared away with two bottles.)

(Case of daughter of Mr. Mose Hartman, permanently cured of a bad skin disease after two bottles only of this D. D. D. prescription.)

We vouch for these facts.

They have been proven to us beyond the possibility of doubt. J. JAS. WOOD & SON, Druggists, Maysville, Ky.

Some weeks ago the astonishing record of this prescription—proven to me by indisputable evidence—induced me to give it my unqualified recommendation to the public. Since then D. D. D. has cured so many who obtained it from me that its record with me has been fully equal to its previous history. I have not seen a single instance of disappointment. It seems to do the work every time. In nine cases out of ten, manifestations on the skin are skin diseases—not blood diseases. Many purchasers formerly miserable, thinking they had a bad blood disease, have found it was merely a skin affection and have cleared it all away with this prescription.

Among all the known reliable specific medical influences for different ailments I know of very few discoveries so certain in effect as this D. D. D. prescription in its quick conquest of skin diseases of all kinds.

A FEW CURES OF WELL-KNOWN PARTIES.

Chicago, April 7, 1905. "About six months ago my daughter began getting sores all over her body and was gradually getting worse. Nothing seemed to do her any good, although we tried different medicines but without success. She would scratch continually and was a sight to look at. I was asked to try the D. D. D. remedy, which I did, and to my surprise it worked wonders on her the second day, and before the bottle was empty she was almost cured. The second bottle completely cured her. I will highly recommend your remedy to any one suffering with skin disease; the fact is I cannot say enough for it." W. J. FORTNALL, St. Paul, Minn. Vice President and General Manager of Great Northern Express Co. "I am glad to say that the bottle of medicine furnished by you in July last has been of great benefit to me. I am now free from the annoyance heretofore suffered from Eczema on my ankles. I have also cured a friend of mine who had two or three spots on his face." W. J. FORTNALL, St. Paul, Minn. "That wonderful discovery, the D. D. D. remedy, cured me of a bad case of Eczema of long standing, which the physicians could not cure. I cheerfully recommend it to all persons afflicted with any kind of skin disease." C. H. WOODWARD, (Ex-Mayor), Cairo, Ill. "I have been troubled for years with Eczema of the skin and tried a great variety of remedies and cured, with no apparent relief. Doctors were unable to benefit me in any way. A friend of mine gave me a bottle of your D. D. D. remedy to try. Before the contents of the first bottle were consumed I am glad to say your remedy had proved entirely satisfactory and had cured me. I take great pleasure in recommending it to all and everyone suffering from any disease of the skin." JOHN D. BAUGOTT, (A well-known Chicago business man.) "The D. D. D. remedy cured me of Lichen-Ruber in two weeks. I had bathed and treated at Hot Springs, Ark. for six weeks. The hot waters irritated me and made me worse. My body was covered with eruption from head to foot." GEO. GEBERT, No. 250 43rd St., Chicago. "I got some kind of a skin disease in a barber shop and I tried a half bottle of your D. D. D. remedy and I must say it cleared my skin fine. I asked the druggist for a salve and he says the D. D. D. would be the best thing for me, though the price was a little too much, but I'll ever have any kind of a skin disease again I am willing to pay ten times as much. I think it the best remedy in the world for any kind of a skin disease. Yours truly, FRANK W. KOLLE, 14 West Irving Park Boulevard, Chicago.

The preparation is being used by most of the skin specialists. It is compounded for druggists solely by the D. D. D. Company, 70 Dearborn Street, Chicago.

It is utilized by every general family physician who has taken the trouble to investigate the work it is accomplishing. It is used in the Cook County Hospital, Chicago. It will clear off any parasitic break in the skin in from 3 days' to 60 days' time. If you have a skin disease visit the above agents and see proofs that will make you a happier human being. \$1.00 buys this prescription—already made up in sealed bottles—with authentic label on each. The above concerns will fill mail order on receipt of price.

A FAMILY SAFEGUARD

Dr. Green arranges with the Niece of Dr. Roscoe to handle her famous Uncle's Great Throat and Lung Cure.

"The best family safeguard is a reliable household medicine that will cure croup, coughs, colds, chilly sensations, running eyes and nose, sore throat and bronchial affections—that will keep the children proof against all contagious diseases. Such a medicine is Roscoe's German Syrup, which has a record of 35 years in the cure of consumption, catarrh and all lung and bronchial troubles.

"The fame of German Syrup as a consumptive cure, since its purchase by Dr. Green from the niece of the famous Dr. Roscoe, has extended to all parts of the earth. It has big sales everywhere. Two sizes, 25c and 75c. All druggists.

Kentucky Coal Fields in Proposed Big Railroad Merger

A dispatch from Lexington to a New York paper says another railroad merger is the talk among railroad officials on account of the visit to Lexington of T. F. Ryan, head official of the Seaboard Air Line, and Judge Leving, Attorney for the Pere Marquette.

The merger proposed is the Pere Marquette, Cincinnati, Hamilton and Dayton and Seaboard Air Line, which will be connected by lines running through Eastern Kentucky.

That section of Kentucky is the richest in the world in coal, with thousands of acres of standing timber.

The report is that the Ohio river is to be bridged at Ashland or Maysville for a line to be built to connect the Cincinnati, Hamilton and Dayton and the Seaboard.

This will mean the connection of the South Atlantic coast with the Great Lakes by a trunk line.

Mr. Ryan would not confirm nor deny the reports. Railroad men say that a trip has been arranged for Mr. Ryan to tour Eastern Kentucky, which gives credence to the rumored merger.
